(SURGE):	8750 W	DUTY:	CONT
MADE IN CHINA		FABRIQUÉ EN CHINE	
		FABRICADO EN CHINA	

Some Black Max generators sold after July 31, 2008, may have fuel gauges that leak gasoline. If you purchased a Black Max generator model BM10700A, BM10700B, BM10711A, BM10700DG, BM10722G, BM10700R or BM10700BR between August 2008 and May 2009, the fuel gauge may leak gasoline. Please immediately discontinue use of the product and contact Black Max Customer Service at 1-800-726-5760 to request a free repair kit.

Affected products are limited to those with the following manufacturing date codes:

BML306 through BMM151
CHL122 through CHM151
CRL153 through CRM059

The model number and manufacturing date code are included on the data label located on top of the engine as illustrated in the above example. Products with a green “dot” on the outside of the package or a “silver dot” on the fuel gauge face are not affected products.

If you have any questions or require additional information, please contact Black Max Customer Service at 1-800-726-5760 or visit www.blackmaxtools.com .
